4th year

The aim of the course

to develop competencies for future professionals on specific issues (to describe the democratic legal advocacy model, to analyze advocacy legal status in Ukraine and the other countries).

Advocacy in Ukraine and Legal Systems of the other countries

One of the conditions of Ukraine's integration into the European Union is building of such an and creation of legislation on its organization and operation, which standards would represent the democratic legal advocacy model. The advocacy place in the modern legal system can be characterized as a way of limiting state power by means of establishment and operation of an independent human rights institution.
